AMERICAN Acrylic LATEX exterior house paint

GUARANTEED fade and alkali-resistant

The house paint that stays alive on any surface

It's the "living" paint because it breathes to let out moisture that cracks up ordinary paint. And it keeps a skin-like finish that resists stains.

You can paint on any surface, even if temporarily damp. It flows on easily and dries quickly. Cleanup is fast and easy because you wash your brush in water. And that is a real time-saver.

Name your color. And trust American to deliver better paint at lower prices.

GUARANTEED that this product will be fade and alkali resistant and will provide coverage up to 400 sq. ft. per gallon on properly prepared surface following label instructions or you will receive additional paint to purchase price of the paint will be made at the place of purchase. Claim must be made within one year of purchase date.

MAYORS PROCLAIM OCTOBER RESCUE SQUAD MONTH FOR APPOMATTOX

Cont. from Page 1

and Anderson Scruggs.

Mrs. Beck Hudson has been named Chairman of Publicity and Advertisement and serving on this committee are Nina Beasley, Bill Sperry, Richard Bartell, A. A. Bohannon and Abner Scruggs.

A goal of $10,000.00 has been set for this annual fund drive. The County of Appomattox is indeed fortunate to have this excellent organization of volunteer workers ready and willing to serve the people whenever needed.

Since organizing the local rescue squad in 1962, citizens of our county have been fortunate to have this organization – but more important is the fact that the citizens of the county have always been very enthusiastic in their support and we know the citizens will again support this worthy cause with their generous donations – after all, this is YOUR rescue squad and it belongs to the people of the county.

A proposed budget has been set up for the new year, a copy of which follows; General Budget, $7200.00; Insurance, $1,800.00; Rain and Foul Weather Gear, $1,000.00; Boat, Motor and Trailer, $1,000.00 and New Ambulance, (plans are to replace the original 1962 ambulance) $4,000.00. The total of the proposed budget amounts to $16,000.00.

In observance of the Tenth Anniversary of the Appomattox County Rescue Squad, members are planning an Open House on Sunday afternoon, October 22nd from 1:00 p.m. until 4:00 p.m. and invite all people in the county to come by and see the building, the equipment, and offer suggestions if they have any and ask questions concerning their operations. More about the Open House will be published at a later date.

Members of the ACRS will be calling on you in the near future for your annual donation to their Fund Drive . . . Give Generously – "Give So More Will Live".

ADULT EDUCATION CLASSES UNDERWAY

Cont from Page 1

Instruction in this class, which meets on Mondays at 7:00 p.m. The Typing II and Shorthand classes are closed.

The General Educational Development class is meeting in the Intermediate School Library to prepare adults for the examination of the High School Equivalency Certificate on Tuesday and Thursday at 7:00 p.m. There is still room for a few more adults in this class.

Any citizens having an interest in these programs are urged to come to the meeting place of their class or call the School Board Office (352-8253) for further information. All instruction is on an individual basis.

change their telephone and other utilities and the address on their driver's license and credit cards," Mrs. Mahan continued. "It is extremely important that people realize that they cannot go back to the place they used to live to vote unless they have moved within the thirty days immediately prior to the election in which they offer to vote. Voters are very unhappy when they go to the polls and the election official informs them that they cannot vote because they no longer have residency in that precinct," Mrs. Mahan said. "If we can just teach people to change their voting registration at the time they move, everyone otherwise qualified to vote will be able to participate in all elections."

CEREMONIES COMMEMORATE JOE SWEENEY

Cont. from Page 1

their financial contributions, or their physical presence today and in many other ways, have made this thememorable occasion that it is."

On hand for the ceremonies, were approximately 250 people paying tribute to the late Joe Sweeney. Dignitaries included Rep. Abbitt, Mr. Marshall; Calvin Robinson, local historian who gave a brief talk on the life of Joe Sweeney, Howard Anderson of Halifax, State Senator; Claude Anderson, Buckingham, Member of the House of Representatives; Richard Sweeney, the only living male direct descendant of the late Joe Sweeney who participated in the unveiling of the marker; Bolling Flood of Washington, D.C., a native of Appomattox and the son of the late Senator H. D. Flood and a great historian and an admirer of Joe Sweeney; and Robert Madden, Park Superintendent at the Appomattox Court House National Historical Park; and W. W. Blythe, President of the Appomattox County Chamber of Commerce.

Now the ceremony is over, the people have gone, the words of the speakers, paying tribute to Joe Sweeney, have drifted out to take their place with words spoken at other times on other occasions at this historic site. What then is left other than the modest marker to honor this man who sacrificed the family cat to bring into existance the five string banjo? Music! Every time a five string banjo is strummed, each time this happy relaxed music brings pleasure, Joel Walker Sweeney who was born in a small house near the Park site in Appomatox in 1810 will be honored and acclaimed all over again. He had watched slaves playing gourds like an instrument, became interested and with the skin from the family cat brought into existance the five string banjo. Joe Sweeney became a world known musician, he blacked his face and originated the minstrel art and before his death in 1860 travelled to many parts of the world.

Except for an occasional late season tourist, there is a feeling of peace that comes with the decelerated pace of Autumn . . . once again a "stillness at Appomatox".

Editor's Mailbox

Sept. 25, 1972

Dear Mr. Editor:

I write first as a Christian, second, as a citizen of this Commonwealth and of the United States of America, as well as a taxpayer, third, because of the chaos, unrest and confussion in our midst and Nation at large, the once greatest Nation under Heaven, the land of the free and home of the brave, and still is, if we, as a Nation will only honor and obey Almighty God. Psalm 9-17.

The many things going on in our community and Nation, that are absurd and ridiculous that the majority of our people do not want, and most certainly do not approve, a three million dollar school, the taxpayers, said No, the Supervisors, skyrocketing our taxes, for what will never bring about "Quality Education". Fundamental down to earth Educators declare that mixing the races can never improve education, but lower or destroy it to both races.

The next most ridiculous and unnecessary proposal by this Commonwealth, is a three million dollar Highway by-pass to kill Historic Appomattox, just like they killed Pamplin, the only other major town in Appomattox County, with a very unnecessary by-pass, which has also been a death-trap. No small town needs a by-pass, they need all the outside traffic they can get, all they need is to maintain a four-lane Highway through the towns, with proper lights where necessary, with only a fraction of the cost of unnecessary by-passes. The larger cities need by-passes, but they are unessential and absolutely unnecessary for small towns, to site an instance of the need of a by-pass, my wife, and I returning for West Virginia, recently, thru Staunton saw the need, a large city as that is, has no bypass, you have to wind around all the way thru the city to get to Interstate 81. There a by-pass is essential and needed, but I hear of none being proposed for that large city, where the need is great. When will our leaders ever wake up to the facts, that we, taxpayers do not want our money spent on such useless and unnecessary projects?

Another even more absurd proposal by this Commonwealth, is to construct a new bridge and road in a slight new location, across the Norfolk and Western Railroad, on secondary road #635. The old bridge could be strengthened and widened, or removed entirely, detouring the traffic, and a new one put in approximately the same location and with "safety" to the public, if common sense were exercised. I received a letter from the Virginia Highway Department stating the roadbed of this proposed new bridge will be nine (9) feet higher than the roadbed of the present bridge. Think of approximate 9 foot fill on each end of this bridge, with the short distance on the North from main Highway 460, such an unreasonable rise in elevation will make it virtually unsafe for any traffic in the winter, or even when the road is wet, when entering 460 would be almost impossible to stop for on-coming traffic, yet they are proposing to transport our school children to the new school referred to earlier, over this high bridge and road, in my judgment, it is beyond human comprehension that anyone could make such a ridiculous proposal. I have protested these matters with the Highway Department and the Governor, with little or no response, of course. One man with officials does not get very far, I hope and pray that the citizens and taxpayers who read this, (call your neighbor and friends to read it) will bombard the Governor's office in large numbers with letters of such protest to such wild spending of taxpayers money, that he will have to heed and do something about it, if he ever expects another Republican Administration in Virginia. Taxes have skyrocketed under his Administration. Apparently he is trying to out spend all other Administrations, just to site another instance of the Holton Administration. I have secured from this Commonwealth for more than twenty-five (25) years, automobile license plates #7570. In July of this year I received a notice, stating that if I secured this number any longer, I would have to pay $10.00 each year extra, in addition to the license fee. How greedy can our leaders get? Our taxes have been raised to an almost unbearable level, and on top of all that, I am told our local leaders in Appomattox County are proposing imposing on us a $10.00 county tag for our automobiles. It seems there is no limit to what they will do as far as taxation is concerned, what we need Appomatox County and the Nation is men like R. L. Burke, Winstone McKinny, J. H. O'Brien and B. G. Anderson. They are concerned about the welfare of the taxpayer, One of them told me in all the years he served, he never asked for a raise in salary. Others may have done likewise.

I have written before in this column and many of you will remember the treatment I have received from the Commonwealth of Virginia. Just last Saturday I received a copy of a letter from the Department of Highways that in 10 days they are going to take our fence down on road 635, where we pasture livestock, leaving our land without fence, for the livestock to roam the highways of Virginia. What an injustice this is, for others, where they remove a fence they replace it. That livestock may be safe, but for me, with a broken back, they want to do nothing, but to destroy, is it fair? I feel it is largely due to thefact, that I stand for God and what is right, and will not condome evil. My motto is, as was my Fahter and Mother, the late Rev. and Mrs. G. W. Lewis, St. Matthew Chapter 6, Verse 33. I carry a sign on my car, "Let's put Prayer and the Bible back in School, Prov. 22-6 and the above verse" I wrote President Nixon and requested he make a Presidental proclamation declaring the supreme court ruling on prayer and Bible reading in our Schools, null and void. Forthwith, of course, he was not Statesman enough to do it, but if enough people had written, he might have, it is not too late yet, we need it, it is the basis and foundation of all education, without the Bible, the infallible Word of God, we have no education, it is null and void. The following is part of a song I have on record on the subject:

'Twas November 22, year of 1963, John F. Kennedy was killed, What an awful tragedy, how men thought of God that day, All America did pray, still not prayer or Bible reading in the Schools. We fear what next may be, in this land of Liberty. Will they tell us that our Church can be no longer tax-free. Will they tell us that we must take form coin in God we trust. Just like they took prayer and Bible reading from the Schools.

Chorus: No more prayer or Bible reading in the Schools, I wonder who we think that we can fool. Can we so dishonor God while we walk upon His sod, Let's put prayer and Bible reading back in School.

I hope and pray, and I hope everyone will join with me, that the treaties so-called for us to peacefully co-exist with communism will never be ratified, to do so, would be the same as God and the Devil peacefully co-existing together, it is an utter impossibility, the Bible says, come out from them and be separate, 2nd Cor. 6 - 17 and 18. We need to return to the God of the Bible and our founding fathers, to be as George Washington, our President, who fell on his knees in the snow and prayed to Almighty God to give him the Victory. God gave him the victory. God will give us the Victory in Vietnam and elsewhere, if we as a Nation will only obey Him and put Him, "First" in honor and obedience to the Bible. It is our only hope for survival over communism. May God help us all to write to our Governor and the President to correct these issues before it is everlastingly too late is my prayer.

Yours in Christ, for God and Country,

Isaac Lewis

Research reveals that the drinking driver is involved in about one-half of all fatal highway accidents, the State Department of Highways reports.

Addition At Bible Baptist Church

The Bible Baptist Church is in the process of adding on 15 new class rooms for the Sunday School Department; two offices, one for the pastor, Rev. Earnie Lucas, and one for the church secretary; and a printing room; a large assembly room, a room for the furnace and a storage room. The two-story, 40 x 100 foot addition is scheduled to be completed in approximately two months.

The State Highway Commission during the past year allocated $1.5 million for the construction of 37 industrial access road projects. The access roads will serve 54 industries bearing a total capital outlay in excess of $81.5 million and which will prov.de employment for 6,659 persons initially, the commission said.
